Employment Coalition

The Huntingdon-Mifflin-Juniata Employment Coalition is celebrating local businesses who have been successful and committed to diversifying their workforce. Today we learn how people with different abilities can meet the needs of employers in the tri-county area and the employment services available to support both the employee and the employer. Thank you to Melissa Steele-CSG's Square One Clubhouse, Lonyta Varner and Norm Bilger-Compass Community Connections and Chris Knarr-Skills of Central PA for attending today's event to share opportunities to grow and successfully employ individuals with disabilities.
